ABOUT THE COMPANY

Murama Consulting (Pty) Ltd is a dynamic civil engineering construction company, renowned for its extensive expertise across various technical domains within the South African Civil Engineering Industry. Established in 2018, we have swiftly gained recognition as a trusted partner in shaping the nation's infrastructure landscape.

Our commitment to excellence is underscored by our registration with the National Home Builders Registration Council, a testament to our dedication to delivering high-quality services. **Murama Consulting** is dedicated to serving the needs of both large corporations and small enterprises, facilitating their growth and success within their respective industries. Since our inception in 2018, we have been steadfastly serving both the public and private sectors, consistently delivering top-tier products and services through our affiliated companies.

At **Murama Consulting**, we take pride in being a leading supplier and provider of superior consulting services. We cater to a wide spectrum of clients, from those requiring world-class solutions to those with more challenging middle-quality demands, both in the public and private sectors. Our commitment to empowerment is evident through our explicit classification as a Small and Medium Enterprise (SME) and our adherence to the principles of 100% Black Economic Empowerment (BEE).

Our foundational mission is to contribute to the growth and development of society and enterprises, serving both domestic and international sectors. We excel in providing superior consulting services, distributing goods and products, offering business consultancy, and engaging in various connected or related activities. Leveraging cutting-edge technology, such as our advanced earthmoving capabilities, we ensure that we consistently meet and exceed our targets while upholding the highest standards of performance.

Murama Consulting is registered with the Construction Industry Board, empowering us to undertake projects within the 5GB, 5CE, 1EP SCOPE, a testament to our competence and capability in the civil engineering and construction arena. Since our inception, we have been dedicated to delivering exceptional services, and we look forward to continuing our journey of excellence in the South African Civil Engineering Industry.

Our Vision:

To be a leading force in transforming South Africa's infrastructure, providing innovative solutions that enhance the quality of life for all citizens.

Our Mission:

Our mission is to develop, construct, and maintain infrastructure across Southern Africa, thereby improving the living, working, and travelling conditions of its people. We are dedicated to upholding the highest professional standards within the Civil Engineering Industry.

Core Values:

- **Excellence:** We are committed to delivering top-notch quality and service, consistently exceeding expectations.
- **Client-Centric Approach:** Our clients are at the forefront of our business, and we build lasting relationships based on trust and mutual success.
- **Adaptability:** We thrive in the face of change and are driven by the unique challenges of our industry.
- **Inclusivity:** We believe in diversity and empowerment, fostering an environment where all voices are heard and valued.
- **Sustainability:** We prioritize eco-friendly and sustainable practices in all our endeavours.

Safety Compliance:

Murama Consulting (Pty) Ltd places the utmost importance on safety in all aspects of our operations. We are fully compliant with all safety regulations and guidelines relevant to our industry, ensuring the well-being of our employees, clients, and the communities we serve.

Our Strategy :

We aspire to be the most respected and sought-after consulting firm and employer in our field. Our success hinges on our ability to adapt to the ever-changing and challenging developmental needs of South Africa.

Our Objectives:

- To establish ourselves as leaders by providing exceptional services.
- To consistently surpass client expectations by delivering outstanding customer service, flexibility, and value.
- To contribute to job creation within the construction, consultation services, distribution, and related sectors.
- To leave a lasting impact on South Africa's present and future.
- To expand our service offerings in the realm of product and goods supply.
- To excel in delivering top-notch services to both government and private institutions or companies.
